ISCPA Public Service Award Nomination Form

ISCPA recognizes its members who have exhibited a distinguished record in public service activities. Nominees for the award will be judged by their participation over periods of time in community, charitable, or civic activities, or for their volunteer service at various levels of government. Qualifiers for the award must exhibit a strong degree of personal responsibility and commitment. Their contribution must be visible and significant. This award promotes the recipient, along with other award recipients, in *Iowa CPA*, on the ISCPA website, and at ISCPA's Circle of Excellence Awards Gala.
